**Preschool  
Questions and Answers**

Annie Rooney-French, Office of Next Generation Learners, Division of Program Standards

- 1. Question: Regarding the requirement to have IEP in place by 3rd birthday - when this occurs during the summer when school is not in session, what is the process - enroll them with the start date for the upcoming school year?**

*Answer: Conduct an ARC meeting to obtain consent for services and develop/write the IEP before the child's 3<sup>rd</sup> birthday. If there is no need for extended year services the child's enrollment date is the first day of preschool of the upcoming school year.*
